*Best wishes for the future as  
Director of European Scout Region*

## Hullo David!

On behalf of the Uganda Scouts Association and on my own behalf, I send congratulations to you upon your great promotion!

We in Uganda have known you as a friend who has Uganda at heart through all the programmes we have shared. You have gone beyond duty to be close friends with some of us, and we will still be friends.

On the brighter side we hope that Uganda will, through you, be part of the entire European Region bigger family during and long after your directorship.

We shall always miss you as part of International Department with The Scouts Association of UK. Your place in the Uganda Network may not be fully filled. But above all, your contribution to the Unite Project will always be in our hearts.

Since you are still a professional in the Scout Movement, we are sure we will not miss you so much. You are just a call away and we shall be meeting in many scout occasions. We are so proud of you David and congratulations!! God bless you in your future assignment.

Thank you very much for all the help you have given over the years. I still remember the advice you gave at the Network meeting of May 2001 at Farnham which ultimately spurred forward the Uganda 2003 expedition. I very much appreciate the help and comments with the risk assessments and wish you success in your new position.

Jen and I wish you every success in your appointment as Director of the European Scout Region.

We have enjoyed working with you and appreciate your support over the years. As you know since 1988 Uganda has featured greatly in our lives, through International Scouting and the Fellowship.

Your professional support in all the aspects has been greatly appreciated, thus enabling us not only to encourage others in the UK to help those in the Uganda Scouts Association, their families and the communities in which they live, but now to look wider to Africa as a whole.

We send our very best wishes for the future.
